# ***PYTHON CABLE DRUM TRAILER***

## INNOVATION. PRECISION. STRENGTH

BUILT RUGGED. BUILT FOR YOU.

The Python Cable Drum Trailer, a durable Towmate solution for transporting drums of cable to site.

With its unique suspension system and efficient, smooth hydraulics, the Python makes transporting your cable a smooth, pleasant experience.

The trailer comes as standard with fully dual voltage LED lighting, and heavy duty running gear made up of common components to ensure downtime is minimal and repairs and maintenance are quick and easy.

The Python is also equipped with a premium 48mm serrated jockey wheel for stability when the trailer is not coupled to your towing vehicle, and its galvanised steel frame provides stability and durability.

Available in both single and twin axle variants, the Python has undergone significant testing at the Milbrook proving ground and is fully VCA approved.

# PYTHON CABLE DRUM TRAILER STANDARD FEATURES.

At the heart of the Python is a trailer designed to provide a smooth, efficient method of transporting drums of cable to site. Its standard features ensure that the Python is always competent in every situation.

## ▲ LED DUAL VOLTAGE LIGHTING

LED dual voltage lights are included as standard on all our trailers. LED lights are more energy efficient, brighter and more resistant to shattering.

## 1-YEAR WARRANTY

All of our trailers come with a 1-year warranty.

## ◀ HEAVY DUTY SERRATED JOCKEY WHEEL

The Python comes as standard with a 48mm serrated jockey wheel for supporting the front of the trailer when it is unhitched.

## ▶ HEAVY DUTY MUDGUARDS

Bespoke welded steel construction offers a unique, heavy duty welded design.

## HEAVY DUTY RUNNING GEAR

The Python features a 5-stud configuration with a heavy duty SFL bearing, for durability and ease of maintenance.

### ▲ UNIQUE SUSPENSION SYSTEM

Our Python Cable Drum trailer has a unique suspension system engineered to allow for an open-framed design whilst maintaining a smooth, pleasant towing experience.

### ▲ REAR PROPSTANDS

The Python comes with a pair of rear propstands. Propstands provide added support.

### ▼ IT'S YOUR CHOICE

Choose between a 40mm eye or a 50mm ball coupling at no extra cost! Our 50mm ball coupling comes with high security lock with extra peace of mind.

### ▼ GALVANISED STEEL CHASSIS

The Python Cable Drum is made from tough galvanised steel, produced under stringent quality controls.

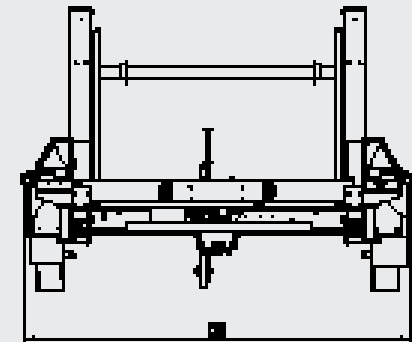

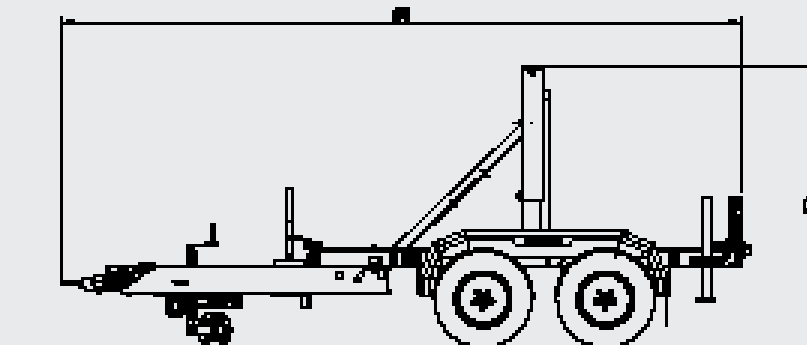

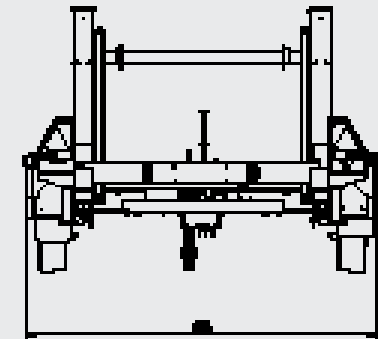

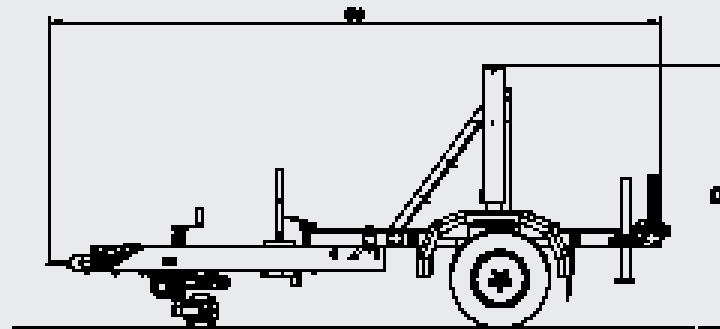

### ▲ HYDRAULIC LIFTING SYSTEM

The Python has been designed with a smooth hydraulic system designed to assist with the lifting and lowering of the drum of cable for transportation and offloading.
